Business Idea & Technical developments

Current issue

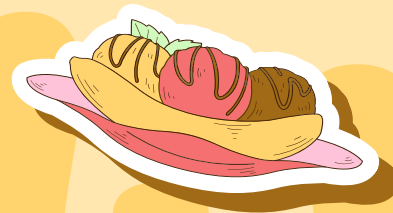

- Problems about preschool education
- Traditional preschool education materials are boring
- Kids spending hours watching cartoons rather than learning
- Onsite preschool institutes are expensive and less flexible

Our solution

- **Online E-learning portal providing flexibility and affordability**
- **Learning and laughing with the famous Minions in their banana language**
- **Rigid scientific facts + hilarious jokes = learning with fun**
- **Everyone just loves the Minions**

Technical developments

Web scraping

We scraped the information of the most famous minions and scientific facts

APIs

We use funtranslation & joke APIs to translate Banana language and capture jokes

Web development

We developed a website as final product

04 For the future

Combine translator with voice

**Not only desktop
but also Apps**

**More modules for
learning e.g. Maths,
Language, etc.**

**Not only Banana
language - could also
include Yoda, Groot, etc.
for adult users**

Thanks!
